## HALLOWE'EN PARADE TO FEATURE CELEBRATION

**Definite Plans Laid for  
Observance of All  
Saints Eve.**

**MAY HOLD AUTO RACES**

**Preliminaries Under Way to  
Get Speedsters Together—  
Saturday, Oct. 31 is Date**

Following the custom which has been in vogue here for several years Charleroi will have a Hallowe'en celebration this year similar to that in former years. Arrangements are being made for such a celebration to be held Saturday evening October 31, which is Hallowe'en.

A parade in the evening starting at 7 o'clock will be a feature. A judges stand will be erected on McKean avenue, and prizes will be awarded for the best dressed man, the best dressed girl, the most comic-costumed man, most comic-costumed girl and for the best maskers of the little boys and little girls.

A movement is on foot for a hill climbing contest up Fifth street to be held in the afternoon. The autoist are said to be in favor of it, but nothing definite had been done as yet about the matter. Band music will be furnished throughout the afternoon and evening.

**CONFESSES CRIME;  
MONONGAHELA MAN  
TAKEN TO PRISON**

Horace Gray, colored, alias Charles Brown, convicted wife murderer who escaped from jail at Princeton, W. Va., three years ago and who was captured in Gallatin last Friday night by Chief of Police Chester of Monongahela Monday evening started for the state penitentiary at Moundsville, W. Va., to enter upon a life sentence. Before starting back in the custody of Officer Green Burke of the penitentiary Gray admitted he was the wanted man.

He said that three years ago, after he was convicted of the murder of his wife, he and seven companions made their escape from the Princeton jail by removing a stone from the wall and crawling through the hole. He said he had lived in constant terror for the three years of his freedom and was now ready and pleased to go to the penitentiary by way of relief. For the past two years he has resided in Gallatin being known as Charles Brown.

**Account is Filed**

In the matter of the re-insolvency of Theo J. Allen of Charleroi The third and final account of Charleroi Savings & Trust Co. receiver has been filed with the court. The balance for distribution is \$732.03. O. S. Henderson has been appointed auditor.

**W. H. Riggie**

## News Will Do Printing

**Washington Firm Gets Con-  
tract For Preparing Novem-  
ber Election Ballots**

The contract for printing the official and sample ballots for the November election was let Tuesday to the Washington News Publishing company at \$1,300. Bids were to be received Monday, but only one was submitted. It was from the News Publishing company. The controller and commissioners considered it too high and refused to award the contract. A conference was had Tuesday on the matter and finally an agreement was reached at \$1,300. W. G. Nease has been given the contract for delivering the ballots at \$1 a precinct. There are 142 precincts.

## CHRISTMAS FOLK BUSY PREPARING

**Various Stores Get Con-  
signments of Christmas  
Toys and Dolls**

**GERMANS MANUFACTURE**

Any Santa Claus who anticipates operating in Charleroi this Christmas will have no trouble whatever. That fact was proven Tuesday evening after a story in the Mail announcing the arrival here of toys and dolls from Germany. Nearly all stores have received or are receiving shipments.

Toy stores and doll emporiums—if you can characterize an establishment where dolls are sold as an emporium—are ready for the trade of a shop early or any other kind of Christmas season with a full line of dolls and toys imported and locally made.

The firm of J. W. Berryman and Son and the firm of George S. Might both advertisers in the Mail, have consignments of dolls and toys on hand from points abroad. As in other instances consignments to them have disproven the theory that Germans at the present period have only time for fighting. Neutral countries are handling the shipments, according to the stories received here.

**CRUEL TREATMENT ALLEGED  
IN LOCAL DIVORCE SUIT**

In the divorce suit of Amelia C. Ahn, of Charleroi, against Richard Ahn, the testimony taken before the examiner has been filed with the court. They were married July 12, 1910, at Pittsburgh. Cruel and barbarous treatment is alleged. The libellant says her mistreatment began shortly after her marriage. She also accuses him of infidelity. She relates a story of continued abuse.

## EX-PRESIDENT TO VISIT CHARLEROI

**Col. Roosevelt to Come, However, Purely in Ca-  
pacity of Campaigner for Certain Political  
Party--Will Spend Five Minutes Here**

One of the two ex-presidents living will visit Charleroi and other points of the Monongahela valley next Tuesday, but he will do it as a campaign speaker for a political party. The visitor will be Col. Roosevelt. He will make five minute stops at many points along the valley. Col. Roosevelt will travel by special train, and will be accompanied by certain leaders of the Progressive party.

## FOREIGNER FINDS BODY; MYSTERY NOW

While gathering mushrooms Tuesday afternoon in the hollow near what is known as the Ella Woodward property along the tracks of the M. & W. railroad, a foreigner from Monongahela came across the body of a dead man lying on the hillside.

The foreigner immediately notified Alderman J. P. Wiper of Monongahela, who in turn called Behout & Yohe and Undertaker Yohe went to the scene and took charge of the body. When he arrived the body was badly discolored, although the man had been dead only a short time. Death was due to strangulation. After the undertaker had worked with the body for a short time he was able to clear the face to its natural color. Mr. Yohe stated that had the man received attention when found his life could have been saved. It is presumed that the dead man had fallen over the hill and strangled to death.

The body is now at the undertaking rooms of Behout & Yohe, unclaimed. He is about 5 feet 10 inches, weight about 180 pounds, wore dark blue suit, blue soft shirt, blue cap, and is badly marked from smallpox. In his clothes was found a pair of iron workers' clips, a revolver, a watch, four dollars and several small articles. On his undershirt was found the name A. S. Baker.

The body was viewed by Coroner Heffran who at the time the body was discovered, was holding an inquest at the Behout & Yohe morgue. He has not as yet determined what he will do in the case.

An investigation this morning brought out the fact that the man was in the store of E. Campi at Monongahela Tuesday morning at 11 o'clock, where he bought a loaf of bread and a can of sardines. He was in the habit of coming to this store each Tuesday and Friday.

It is believed that he was "batching" somewhere. He had been seen about Monongahela for the past eight or nine months. It is not known yet if the name on the undershirt is his or not.

**Revival at Marianna.**

Arrangements have been made revival services in the First Christian church of Marianna beginning October 26, and continuing until Sunday November 8. No services will be held on Saturday evenings. The meetings will begin at 8 o'clock. Rev. John Neilson will conduct the services. Good music will be a feature.

His train will leave McKeesport at 8:10 o'clock in the morning, and stops will be made at Monongahela, Donora, Charleroi, California and Brownsville. Then will follow a trip on the south-west branch of the Pennsylvania railroad and from that a trip over the main line.

According to his schedule Col. Roosevelt will reach Charleroi at 9:26 o'clock in the morning, and depart at 9:31.

## WARREN DOUGLAS DIES ON TUESDAY FROM PARALYSIS

Paralysis from which he had suffered since January caused the death at McKeesport Tuesday evening of Warren Douglas, aged about 60 years, the head of the Douglas Business colleges at Charleroi, McKeesport and other points. His death occurred at 8:30 o'clock.

Mr. Douglas is survived by his widow and two sons. One of his sons is S. Douglas, Esq., of Duquesne. The funeral will be held Friday.

Mr. Douglas opened the first of a group of business colleges at McKeesport 30 years ago. Eighteen years ago he opened the college bearing his name at Connellsville and Uniontown, and ten years ago acquired control of the present Douglas college in Charleroi. The local school will be closed out of respect to his memory until Monday.

## BLIND QUARTET TO SING HERE NEXT THURSDAY

Arrangements are being made to bring the Bellefield Blind Boys' quartet to Charleroi on Thursday evening, October 29, to give a concert for the Associated Charities fund. Guy W. Nickeson, a nephew of Borough Clerk Ira L. Nickeson is the manager of the quartet, which sang in Charleroi once before. Thirty per cent of the proceeds of the entertainment will be given for the charities fund. In addition to the concert a concert will be given for school children on Friday, October 30.

## VETERAN GUARD MEMBERS PROUD OF HONOR SHOWN

The Veteran Guard of Charleroi, with 16 members on the roll, is proud of the honor shown them last Thursday, when Charleroi celebrated. The veterans were in an important place in the parade, in an automobile provided especially for them. Now they are expressing their gratitude.

## Skulls Hold Fun Banquet

**Anderson's Quartet Makes  
Hit When Dense Smoke  
Prevents Singing**

The Knights of the Skull, a Monongahela organization held an unique banquet at the Hotel Main in Monongahela Tuesday evening. The affair was arranged as a night of fun, and those present had it. C. H. Landefeld was toastmaster. Speakers were Lloyd Flint, Vernon Hazzard, and Capt. E. W. Hardland. A hit of the evening was the Belmar Ladies Quartet, composed of George Anderson, Clyde Harken, Walter Scott and Mark Borland, who couldn't sing because of the dense smoke. Among those from Charleroi attending was Paul A. Kimmins.

## MYSTERY! MAN DEAD OR LIVING

**Bentleyville Has Two  
Reports--Now Believed  
ed Man is Alive**

**WAS SHOT AT WEDDING**

Whether Mike Rendaeleitz, a foreigner of Bentleyville is dead or in the hospital, is something that people of the Bentleyville region are concerning themselves about to some extent. Last Friday Rendaeleitz was shot while returning from a wedding said to have occurred at the home of Tony Bitzol.

One story was he was sent to the Mercy hospital in Pittsburgh and another was that he was sent to the morgue, a dead man. Chief of Police Sillman of Bentleyville says he was sent to the hospital. The man who took Rendaeleitz to the Pittsburgh institution says too, according to information from an accredited correspondent. Moreover the information from Pittsburgh is that Rendaeleitz is about recovered, the wound not having been as serious as first reported.

It is believed that the shot was fired with the intention of wounding the one who was the bridegroom. A love affair woven around the bride is believed to have been at the bottom of the affair. The bullet is said to have grazed the shirt of the bridegroom, whose name is as mysterious as the story of the shooting. Foreigners of the Bentleyville region who know of the affair are not showing any great anxiety to tell, but the man who did the shooting is believed to be missing.

**CHORAL SOCIETY TO  
HOLD A REHEARSAL**

The Charleroi choral society will hold a rehearsal this evening in the high school auditorium at 8:30 o'clock.

**County Highway Men  
in Semi-Annual Meet-  
ing Express Beliefs**

**SUGGEST ROAD PATROL**

**Pledges Taken to Make a  
Trial of System--Thirteen  
Townships Represented**

The road supervisors of Washington county in semi-annual convention in Washington Tuesday went on record as favoring the requirement that all roads in the county be widened to 33 feet and that all fences be moved back in order that this may be done. They also favored the road patrol system on at least a part of the road of each township and pledged themselves to make a trial of the system. The supervisors also favored publishing a statement of the work done and the receipts and expenditures each year thus giving the taxpayer an idea as to how his money is being spent.

Of the 33 townships in the county only 13 were represented at the convention and only three townships had a full turnout. In all there were 21 present from a body of 99. The townships on the honor roll in having all supervisors present were South Franklin, Nottingham and Peters townships. Not having a representative according to the roll call were Blaine, Carroll, Independence, Jefferson, Harris, Crosscreek, Cecil, Donegal, East Finley, West Pike Run, West Finley, South Strabane, Canton, Somerset, Smith, East Bethlehem, East Pike Run, Fallowfield, Hanover and Hopewell.

Speakers at the meeting were Alexander B. Gray, division engineer with the state highway department, Dr. Donald McCaskey, of Lancaster, W. Craig Lee, of Crosscreek township; Dr. W. L. Dodd of Amity; Dr. W. D. Martin of Sparta; Rev. F. S. Brenneeman of Van Buren; E. E. Acheson; County Commissioner Thomas Hill and R. L. Muncey, Clarence McDonald and Ira F. Baldwin.

## SHOOTS WOMAN WHO DECLINES TO MARRY HIM AT TIME SET

George Essex, aged 29 years, of Brazzall, shot and killed Virginia Mains, aged 32 years, also of Brazzall at the home of the latter and then shot himself twice in the left side Monday.

Essex is at the Uniontown hospital in a serious condition. Both are Slavs. The woman promised to marry Essex it is said. Monday morning he went to her home to take her to Uniontown to get a license and be married. The woman refused to accompany him and ordered him away from her home. Essex drew a revolver and shot her in the breast and then shot himself. The woman died within a short time.

## WREATH NOT ALWAYS HAPPINESS.

Every once in a while we read of certain multi-millionaires turning over fortunes of millions to their sons and daughters.

A gift of many millions would most surely be welcomed with delight by the average man, but, as a matter of fact, the average man wouldn't know what to do with such an amount of money. He would either squander it or he would become miserable over the possession of it and by the demands made upon him by the people who knew that he owned it says an exchange.

Many people think that if they possessed wealth, nothing else would be needed to make them happy.

Do you really believe that the great majority of people who are possessors of great wealth are really happy?

Not a bit of it. They become a prey to those who are unfortunate, to those who are deservedly poor; to charitable institutions of every kind; to all kinds of religious organizations, and, in fact, to all sorts and conditions of people and societies who either need or want money.

And no matter what they give they are bitterly criticized by those who have not been in receipt of their bounty and by those who think the money should have been placed in other channels. And mind you, if the man who has acquired wealth were to give to one and all who ask for aid, that which he possesses would melt away as rapidly as a late spring snow melts away under a premature summer sunshine.

It has been often said that wealth is a blessing if properly used, and there are many wealthy men today who are using their wealth properly, using it publicly in many ways to benefit humanity and giving away vast sums in private charities of which the public never hears. So it is hardly fair to criticize a man on general principles just because he has much money.

The truth of the matter is that wealth is far from being synonymous with happiness. The real, unadulterated happiness is found in the modest home in which the occupants have sufficient income to supply their needs and simple pleasures, in which there is always a nest egg for the rainy days that always come some time, where true friends gather around them, and wherein the love of father, mother and children reigns supreme.

## HALLOWEEN

To transform a spirit of boisterousness where wreaking damage is only one of the incidentals to a spirit of pure and healthy fun, is the problem that people have been wrestling with in the effort to improve the style of Halloween celebration. That there has been success in these endeavors has been proven in Charleroi, where consistently a systematic form of celebration for the eve of the Feast of All Saints is taking form.

It formerly obtained that creating trouble was regarded by some as the proper method of celebrating. Carrying off gates, hanging wagons to telephone poles, putting barroom signs in front of a church and performing outrageous alterations in the general appearance of things were only a few of the performances of the fun loving Halloween jokers. Putting two rails across a country road for a horse rider by a belated traveler to stumble over, injuring the horse and crippling the rider for life, was an actual occurrence by courtesy called a joke fourteen years ago. How amusing it must have been to the victim!

Fortunately things are changing back to where they ought to be. Our celebrations are now beginning to take the form of safety and sanity.

## PICKED UP IN PASSING

Sport is doing almost anything that is uncomfortable, says the Indianapolis Star. It must not be imposed upon. If somebody made a man get up at 3 o'clock in the morning and swallow a cold bite of grub and go out in the penetrating cold of a misty morning beside a lake or marsh and wade out into a thin shelter made of brush, and squat or lie there till sun-up just to take a chance on getting a shot at something wild, with feathers—we say if somebody else made a man do that, he would weep and say there ought to be a law, and carry on generally.

But when a man makes himself do that, it is funny as all get-out.

He has been having a bully time. This good time is appreciably heightened if he falls overboard and gets terribly wet and cold.

It never hurts a man to get wet under those conditions.

The really hurtful damp and cold comes from sitting in drafty churches that haven't had a fire in them for a good while.

We once knew a man who had rheumatism something fierce on Sundays, and who became triumphantly and permanently—this time—converted at every protracted meeting and whose delicate health kept the whole community on tenter hooks.

But by Monday evening this man's health would be so miraculously restored that he could lie out in a fence corner all night or trudge through the brush and over miles and miles of the hills on foot, behind a swarm of howling, red-eyed, yellow-bellied, slobbering, leopard foxhounds.

That was sport.

We know it was, because he said so. Also he can scare up—this sport lover—either the cash or the credit for any kind of reel, creel, shotgun, cartridge, rod, rifle, dog or other apurterance to sport that he takes a fancy to, while he positively cannot keep his family properly clothed, even if fed.

"The bird of time is hitting it up," says a writer in the New York Mail. "Women in the western states are taking political office without asking the aid or consent of their husbands. When I was a boy in Kansas Will Wilkerson was editor of a Populist weekly paper in our village. He later married him a wife and next women got the vote. Today I see that Will Wilkerson's wife is running for office and is using his—and her—paper to boost her candidacy.

"We notice," writes the editor, that our wife's announcement appears in this issue of the New Era. We have lived with her and obeyed her for nigh onto sixteen years and knowing her character and qualifications as we do, have no hesitancy in saying that we know she is thoroughly competent and qualified to fill the office. And believe me, when she

# WAR BULLETINS

Dunkirk, Oct. 21.—The newspaper wireless dispatch received by the "Nord Maritime" says that the allies have driven 5,000 Germans out of the battle east of Chyrow and Przem-Burges and are now in possession.

Paris, Oct. 21.—Seven violent attacks by the Germans along the battle lines from Meuse to the sea, 360 miles, were repelled. It was the most severe test to which the entire line of the French, British and Belgian armies have been subjected since the extension of the left wing to the North sea. The Belgians with counter-attacks kept the Germans disorganized. North of Arras the Prussians again have resumed the offensive. In the fighting here the allies destroyed 15 German guns, two of which were heavily armored.

Amsterdam, Oct. 21.—An official dispatch from Berlin says the Germans advancing along the coast from Ostend met hostile forces at the Yser river, near Nieuport where fighting has been going on since Sunday. The attacks of the allies west of Lille were repulsed with heavy losses to the allies.

Manchester, Mass., Oct. 21.—A gets started she is going to do some running. And if she wants the office by golly, we're for until the last vote is counted.

Commission Alleges Excessive Coal Rate

Freight rates on bituminous coal from mines in Washington county, to destinations on the Pittsburg & Lake Erie and Baltimore & Maryland roads in other states were held by the interstate commerce commission at Washington Tuesday to be unreasonable and discriminatory to the extent that they exceed by 10 cents a ton rates for similarly located mines to the same destinations. The decision affects many railroads and a large traffic.

## Less Than a Cent

You may know a woman who has a reputation for making delicious cake, biscuits, etc.,—who seems to hit it right every time.

You may also know a woman, who, no matter how painstaking, can't seem to get the knack of successful baking.

Both use the same butter, same eggs, same flour and sugar. What is the difference?

Very likely it's all in the baking powder. Undoubtedly the woman with the knack uses Royal Baking Powder, and the unsuccessful woman uses an alum baking powder thinking it cheaper.

Yet the difference in the cost of a whole large cake is less than a cent.

It is economy to use

### PENNSYLVANIA

#### HAS LARGE BILL FOR ITS FOOD

Buckwheat cakes, \$4,572,000. That is one of the items on the breakfast bill of the state of Pennsylvania. The bill for bread made from wheat grown in the state alone is \$22,736,480, and this does not represent half the bread consumed, for more is made from wheat and flour imported from other states than from the wheat grown in Pennsylvania.

Six of the leading agricultural products of Pennsylvania will bring the farmers for this year's crops almost \$132,000,000, according to the figures obtained at the department of agriculture, and this does not begin to represent the value of the state's consumption of these products, for, with regard to most of them, the quantity grown in the state is small, compared with what is brought in from other sources.

The department's figures are based on the latest estimate of this year's crops and the prices prevailing on October 1. The value of these crops so estimates is as follows: Corn \$58,583,520; wheat, \$22,734,480; potatoes, \$19,127,250; oats, \$16,460,080; apples, \$10,196,000; buckwheat, \$4,572,000; total for the six crops, \$131,623,330.

According to the same figures, Pennsylvania lacks 26,399,000 bushels of producing enough wheat for home consumption, although the yield of the state for the current year is estimated at 21,862,000 bushels.

The value of apples in Pennsylvania is given at 50 cents a bushel. Reports indicate that many of these apples will not be gathered because of the oversupply and small demand for them, but a ready market should be found for all the rest of the agricultural products here mentioned.

#### MONESSEN TEAM

#### OUTBOWLED BY CHARLEROI FIVE

The Charleroi Hickorys won the third of a series of bowling matches from the Monessen Stars on the Casino alleys Tuesday night. This making three straight victories for the local boys over the Monessen aggregation.

Monessen took the first two games Tuesday night but on the third they fell down and the Hickorys rolled up a big score. When the final score was totaled Charleroi had a lead of 49 pins over the Stars.

Following the match Hess of the Hickorys bowled three singles each with Lauze and Casimer of the Stars. Hess won from both of them. He beat Lauze 31 pins and Casimer 33 pins.

### SURELY MAN OF SUBSTANCE

Russian Brought With Him the Gold to Satisfy British Immigration Authorities.

A Russian who traveled to London from the Tyne-side to get a nephew out of the clutches of the immigration authorities turned out to be a sort of gold mine.

The man is a cabinetmaker. To prove that the boy had means of subsistence he had filled his pockets with sovereigns. The uncle declared a trick had been played on the lad. Although he (the uncle) had bought him a ticket, the boy was induced to buy another ticket, some ticket seller abroad having persuaded him that the one which his uncle had sent him was not available.

"It has cost me another \$50 to bring the boy to London," said the uncle.

He added that he wanted to bring up the boy as his own. He drew from a pocket two handfuls of sovereigns to show that he was able to do this.

Said the chairman, smiling: "You are a wealthy man, but you had better look after your money." The uncle produced more gold from another pocket. "I've had to work hard for this," he said, and was about to reveal more wealth when the court told him that a boy with such a generous protector would, of course, be admitted.

### PROVES STRENGTH OF HEART

Infallible Test, According to Prominent Physician, Is the Ability to Hold the Breath.

Dr. W. A. Schtange, in a recent number of the Roussky Vrach, explains why a healthy person can suspend breathing for from thirty to forty seconds, or, with practice, for three times as long. This depends, the doctor asserts, not on the lung capacity but upon the vigor of the heart muscle. In a word, the longer you can hold your breath the greater is your heart power, persons with weak hearts being unable to suspend their breathing for more than twenty or even ten seconds.

Doctor Schtange, who is a surgeon of note, tests his patients in this novel way before giving them a general anesthetic, such as ether or chloroform. Seated in a chair, the patient is instructed to take a deep inspiration and, with the mouth closed, to hold his breath as long as he can. The longer he can hold it the less danger will there be from the anesthetic, and should he not be able to suspend his breathing for as long as twenty seconds, the anesthetic is, as the doctor says, "contra-indicated."

### May Lower Price of Radium.

Contracts for delivery of radium in the early months of 1915 have been entered into at a price as low as \$67.50 a milligram, and there is a widely prevalent belief that there may be a great fall in the price during the next two years. It is interesting to note that for some time after its discovery radium could be procured at less than one-tenth of its present price. The demand for radium to be used for medical purposes has hitherto absorbed the output, and has led to rates being quoted which are excessive and altogether artificial. The large profits obtained have, however, stimulated search for uranium ores in various countries, notably in America, and as there are unlimited quantities of low grade uranium rocks available it would appear to be merely a question of time before radium will be placed on the market at a price bearing a reasonable ratio to the cost of its production.

### Duly Explained.

Sir George Reid, the genial high commissioner for the Australian commonwealth, who has just returned from a visit to Australia, is enormously popular "down under."

When he was made a knight commander of the Order of St. Michael and St. George the people of Australia, who had known him as plain George Reid, worried him a good deal about his new dignity.

At one of his meetings a heckler called out, sarcastically: "Say, Sir George, what does 'K. C. M. G.' mean?"

Without a moment's hesitation the new K. C. M. G. replied: "Keep calling me George!"

### Activities of Women.

Miss Myrtle B. Wood and Miss Clea M. Smith of St. Louis, with three Kansas City women are included among the 193 who are taking bar examinations in Missouri this year.

Dr. Margaret N. Sullivan, recently appointed assistant to Chief Surgeon Mooney of the City hospital in Jersey City, N. J., is the first woman to serve upon the staff.

Hereafter all the North German Lloyd steamers will have on board two Frenchman nans, who will look after the spiritual and physical needs of the women and children.

### Must Show Weight or Volume.

Manufacturers and packers of foods sold in packages and bottles will be required, after September 3, 1914, to show on the wrapper or label the net weight or volume of the contents, as a result of an order recently issued by the United States department of agriculture. In the case of some classes of articles the contents must be stated by numerical count where this method gives accurate information as to the quantity of food in the package. The figures given on the label must represent the actual quantity of food, exclusive of wrappings and containers.

### JAP PROBLEM EXPLAINED BY MR. FLOWERS

In a lecture that was both instructive and entertaining Montaville Flowers, of California, presented Tuesday evening for the first time in Charleroi the facts of the Japanese problem. Mr. Flowers lectured to a fair-sized audience and gave his hearers something to think about and consider.

He described the efforts of the Japanese to acquire territorial rights in the state of California, where they as a people are more numerous than in any other state in the union. Then he proved wherein would lie the harmful effects should they be permitted ultimately to enjoy the rights of citizenship now enjoyed only by those of the caucasian race.

Mr. Flowers said that the Japanese are using every intrigue to accomplish their ends. That they would not make good citizens he proved. Where they locate Americans will not live because of the habits of the Jap.

Mr. Flowers pronounced the Jap a fatalist, and said that was the reason for his past successes. "You cannot base Christian civilization on a fatalist brain," he declared in a climax—and proved it.

Mr. Flowers said scientific facts have proven that inter-marriage with any pigmented race will end the white race. That means that if the Japanese are to be permitted to enjoy the full rights of citizenship in the United States the white folk must say goodbye to their present prized blood purity. Not only that, but he showed where scientific facts tend to indicate the white race would be absorbed.

Mr. Flowers was the first lecturer or entertainer on the Citizens' Entertainment course. On November 25 the Military Girls will appear to give a concert.

In conjunction with this feature Manager Barnhart will present Miss Marian Leonard in her most brilliant success, "The Drift," in three parts, a high-class society drama. Maurice Costello and Beverley Bayne play the leading parts in the two part feature, "The Blood Stone," a drama of heart interest and pathos.

### VINOL DID ME A WORLD OF GOOD

#### Woman Seventy-Five Years Old Exhausted by Effects of Grippe, Restored to Strength by Vinol.

Canton, Miss.—"I am seventy-five years old, and I contracted a severe cold and cough due to a case of LaGrippe, so that I lost my strength and became very weak and feeble. Vinol was recommended to me and after taking it for some time, I can truly say it has done me a world of good. The cold is gone, and my cough is practically cured and it has built up my strength, so I feel active and well again. I think a lot of Vinol, and tell all my friends about what it has done for me."—Mrs. LIZZIE BALDWIN, Canton, Miss.

Old people may regain much of their former strength and vigor by taking Vinol, our delicious cod liver and iron tonic, on which so many elderly people depend for good health. Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength.

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added. Piper Bros., Druggists, Charleroi, Pa.

### DEEDS, NOT WORDS

Charleroi People Have Absolute Proof of Deeds as well as Words.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills.

For Charleroi kidney sufferers, Have made their local reputation.

Proof lies in the testimony of Charleroi people.

Mrs. Fred Jackson, 207 Prospect Avenue, Charleroi, Pa., says:

"About five years ago I was troubled by a constant backache. If I did a little extra work the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stooped, sharp pains caught me and I could hardly straighten up. I also had rheumatic twinges in my back and arms and I couldn't do my sweeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in the family, I got a box at Piper's Pharmacy and began taking them. One box practically cured me. I recommend Doan's Kidney Pills to anyone suffering from kidney and bladder complaint."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jackson had. Foster-Milburn Co., Props., Buffalo, N. Y.

### Household Hints

The hardest part of housework is cleaning!

Ordinary soap and soap powders seemed good enough until the cleansing power of borax was discovered.

Borax is to soap what electricity is to the street car—borax makes soap do more work at less expense.

A 25c package of "20 Mpl Team Borax Soap Chips" will do more cleaning than 50c worth of bar soap and as much or more than 50c worth of soap powders.

### Berryman's

A Pennsylvania State Highway department tractor ploughed deeply into the macadam when breasting the incline on South Main street. And, when descending the same grade the steam roller attempted the board walk resulting in the complete ruin of several feet of the walk. The department has been working the highways of the surrounding section for some time and will soon begin work on the needy sections in Bentleyville proper.

#### To Play Woodwards.

The Bentleyville Juniors have secured a game with the Woodward eleven for Saturday. The team is in excellent training and bids fair to give the strong Woodwards a hard tussle. The game will be played on the Bentleyville ball park.

#### Reception of Minister.

Tuesday evening the congregation of the Bentleyville Methodist Episcopal church gave a reception to the new minister of that church. Rev. Ritchey is the man recently appointed to fill the pulpit. A great number of the congregation was present. Mrs. Thomas, who will presently leave town, also figured in the reception. Her's was a kind farewell to her neighbors and friends. Rendaoletz Improving.

Mike Rendaoletz, the foreigner who was shot on Oak street some time ago, is reported improving. A pseudo report announced the death of Mike. Nevertheless Mike is rapidly convalescing in the Mercy hospital, at Pittsburgh. A bullet meant for a bridegroom struck Mike in the right thigh inflicting a painful flesh wound only, as after-examination proved.

#### Personals.

Candidate For  
State Senate  
**J. W. Stewart**  
of Jefferson,  
Greene County, Pa.

Mr. Stewart is a native of Washington county but has lived practically all his life in Greene county and has been actively identified with its agricultural, business and educational interests. He was a teacher in the public schools for ten years and has since been on the farm. For nine years he has managed the farmers institute work and has built it up in Greene county. He has been master of the Pomona Grange since its organization. He has never before been a candidate for office outside of his township.

As a candidate for senate he stands pledged to carry out the program for the Progressive, Social and Industrial Legislation as laid down in the platforms of the Washington and Democratic parties.

## Railroads Seek Repeal of The Full Crew Law

Railroads throughout the state are fighting to have the full crew act passed by the last legislature repealed.

Samuel Rea, president of the Pennsylvania railroad, today appealed to the people of Pennsylvania to ask their representatives in the next legislature to repeal the extra crew law.

Mr. Rea's appeal, which is being posted in all stations on the railroad and on all employees' bulletin boards, follows, under the heading, "An Appeal to the People of Pennsylvania."

It is in the interest of the public—whose chief concern is good service and safety—that the extra crew law now on the statute books of Pennsylvania and other states be repealed.

This law causes a waste of \$1,100,000, annually in the employment of unnecessary men on the Pennsylvania system alone.

No one is more concerned than the Pennsylvania Railroad company in securing maximum safety on its lines.

Samuel Rea, President, Pennsylvania Railroad Co.

## ARBOR DAY TO BE OBSERVED THROUGHOUT COUNTY FRIDAY

Arbor day in the schools of Washington county will be observed next Friday, October 23. Superintendent L. R. Crumrine has received the annual proclamation from State Superintendent Nathan C. Schafer, who suggests that the day be observed, not merely as an occasion for the planting of trees, but also an opportunity for imparting valuable information on the need of conserving the soil and the forest, the trees and birds the beauty of the landscape and the

purity of our streams. Superintendent Schaeffer suggests also that the trees be so planted as not to exclude the sunshine from the school houses. Mr. Crumrine desires that in all the schools of the county appropriate exercises be held, no matter whether trees are planted or not. He has supplied many teachers with copies of the Arbor Day annual, which contains many valuable exercises and suggestions as to how to observe the day.

#### BENTLEYVILLE

#### Chief Sillman Tussles.

Tuesday afternoon Chief Charles Sillman, of the Bentleyville police force, had, what he terms the hardest tussle of his days to date. James Applegate, a savage man when in-

toxicated, became intoxicated and carried on in an unmanly manner in the Gordon restaurant on Washington street. The proprietor immediately phoned the policemen for the arrest of the disorderly one. Applegate decided apparently not to permit Sillman to effect the arrest. Thereupon the pair struggled in a fierce combat. By degrees Sillman forced the drunken man nearer the

calaboose. To make the arrest more interesting the street sides were well lined with curious sightseers. Applegate made several attempts to hinder the chief on the way but all were of no avail. Finally James was safely stored and locked in the "cooler." He will be tried soon. A trip to the Washington "coolers" is destined to James, it is feared.
